COUNTY COUNCIL FOR MONTGOMERY COUNTY, MARYLAND

By: Lead Sponsors Council Vice President Leventhal and Councilmembers Elrich, Hucker, Riemer, and Navarro

Co-sponsor: Councilmember Floreen

AN ACT to:

- (1) require posting of notice for certain applications of pesticide;
- (2) prohibit the use of certain pesticides on lawns;
- (3) prohibit the use of certain pesticides on <u>playgrounds</u>, <u>children's facilities</u>, <u>and</u> certain County-owned property;
- (4) require the County to adopt an integrated pest management program for certain County-owned property;
- (5) require the Parks Department to take certain steps to reduce the use of certain pesticides; and
- (6) generally amend County law regarding pesticides.

By amending

Montgomery County Code

Chapter 33B, Pesticides

Sections 33B-1, 33B-2, 33B-3, 33B-4, 33B-5, 33B-6, and 33B-7

By adding

Montgomery County Code

Chapter 33B, Pesticides

Articles 2, 3, and 4

Sections 33B-8, 33B-9, 33B-10, 33B-11, 33B-12, 33B-13, and 33B-14

Boldface *Heading or defined term.*

<u>Underlining</u>
Single boldface brackets
Added to existing law by original bill.
Deleted from existing law by original bill.

<u>Double underlining</u>

Added by amendment.

[[Double boldface brackets]] Deleted from existing law or the bill by amendment.

Existing law unaffected by bill.

The County Council for Montgomery County, Maryland approves the following Act:

1	Sec.	1. Sec	ctions 33B-1, 33B-2, 33B-3, 33B-4, 33B-5, 33B-6 and 33B-7 are
2	amended,	and Se	ections 33B-8, 33B-9, 33B-10, 33B-11, 33B-12, 33B-13, and 33B-
3	<u>14</u> are add	ed as f	follows:
4			ARTICLE 1. General Provisions
5	33B-1. <u>Leg</u>	<u>islativ</u>	e findings and purpose.
6	<u>(a)</u>	The (County Council finds that:
7		<u>(1)</u>	pesticides have value when they are used to protect the public
8			health, the environment, and our food and water supply;
9		<u>(2)</u>	pesticides, by definition, contain toxic substances, many of which
10			may have a detrimental effect on human health and the
11			environment and, in particular, may have developmental effects on
12			<u>children;</u>
13		<u>(3)</u>	exposure to certain pesticides has been linked to a host of serious
14			conditions in children including pediatric cancers, decreased
15			cognitive function, and behavioral problems such as ADHD, and
16			the following conditions in adults: Parkinson's disease, diabetes,
17			leukemia, lymphoma, lupus, rheumatoid arthritis, dementia,
18			reproductive dysfunction, Alzheimer's disease, and a variety of
19			cancers including breast, colon, prostate and lung cancer;
20		<u>(4)</u>	clean water is essential to human life, wildlife and the
21			environment, and the unnecessary use of pesticides and herbicides
22			for cosmetic purposes contributes to the deterioration of water
23			quality, as substantiated by several studies including the 2014
24			USGS study which found that 90% of urban waterways have
25			pesticide levels high enough to harm aquatic life;
26		<u>(5)</u>	bees and other pollinators are crucial to our ecosystem, and the use
27			of neonicotinoid insecticides, which have been repeatedly and

strongly linked with the collapse of honey bee colonies, as well as 28 harm to aquatic insects and birds, pose an unacceptable risk to 29 beneficial organisms; 30 there are non- and less-toxic alternatives and methods of 31 <u>(6)</u> 32 cultivating a healthy, green lawn that do not pose a threat to public health, and that use of pesticides for cosmetic purposes is not 33 necessary for the management of lawns, especially in light of the 34 risks associated with their use; 35 pesticide regulations at the federal and State level, and the risk 36 <u>(7)</u> assessments that inform them, do not mimic real world exposure 37 scenarios and fail to account for synergistic or cumulative effects 38 39 of multiple chemicals acting on the same pathway; do not include sufficient evaluation of a pesticide's "inert" ingredients and the 40 41 pesticide formulations that are sold to consumers; and often fail to take sensitive populations like children and pollinators into 42 43 account; <u>(8)</u> in the absence of adequate regulation at the federal or State level, 44 the County is compelled to act to protect the health of children, 45 families, pets and the environment. 46 (b) The purpose of this Chapter is to protect the public health and welfare 47 48 and to minimize the potential pesticide hazard to people and the 49 environment, consistent with the public interest in the benefits derived from the safe use and application of pesticides. The goal is to inform the 50 public about pesticide applications and minimize the use of pesticides for 51 cosmetic purposes, while not restricting the ability to use pesticides in 52 agriculture, for the protection of public health, or for other public benefit. 53

54

55	33B-2. Definitions.
56	In this <u>Chapter</u> :
57	Agriculture means the business, science, and art of cultivating and managing the
58	soil, composting, growing, harvesting, and selling sod, crops and livestock, and
59	the products of forestry, horticulture and hydroponics; breeding, raising, or
60	managing livestock, including horses, poultry, fish, game and fur-bearing
61	animals; dairying, beekeeping and similar activities, and equestrian events and
62	activities.
63	Children's facility means a building or part of a building which, as part of its
64	function, is regularly occupied by children under the age of 6 years and is
65	required to obtain a certificate of occupancy as a condition of performing that
66	function. Children's facility includes a child day care center, family day care
67	home, nursery school, and kindergarten classroom.
68	Custom applicator means a person engaged in the business of applying
69	pesticides.
70	Department means the Department of Environmental Protection.
71	Director means Director of the Department of Environmental Protection or the
72	Director's designee.
73	Garden means an area of land used to cultivate food crops, flowers, or other
74	ornamental plants.
75	Lawn means an area of land, except agricultural land, that is:
76	(1) <u>mostly</u> covered by grass, other similar herbaceous plants, shrubs,
77	or trees; and
78	(2) <u>kept</u> trim by mowing or cutting.
79	<u>Lawn does not include a:</u>
80	(1) playing field;
81	(2) golf course;

82	<u>(3)</u>	garden; or
83	<u>(4)</u>	tree or shrub
84	Listed pestion	cide means:
85	<u>(1)</u>	a pesticide the active ingredients of which are recommended by
86		the National Organic Standards Board (NOSB) pursuant to 7
87		U.S.C. § 6518, as amended, and published as the National List at
88		7 C.F.R. §§ 205.601 and 205.602; or
89	<u>(2)</u>	a pesticide designated a "minimum risk pesticide" under the
90		Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) §
91		25(b) and listed in 40 C.F.R. § 152.25(f).
92	<u>Mulched red</u>	creation area means an area of land covered with natural or synthetic
93	mulch or wo	ood chips that is not a playground, but is open to the public for picnic
94	or other recr	reation use.
95	<u>Neonicotino</u>	pid means a class of neuro-active pesticides chemically related to
96	nicotine.	Neonicotinoid includes acetamiprid, clothianidin, dinotefuran,
97	<u>imidaclopri</u>	d, nitenpyram, nithiazine, thiacloprid, and thiamethoxam.
98	Pest means	an insect, snail, slug, rodent, nematode, fungus, weed, or other form
99	of plant or	animal life or microorganism (except a microorganism on or in a
100	living huma	in or animal) that is normally considered to be a pest or defined as a
101	pest by appl	licable state regulations.
102	Pesticide m	eans a substance or mixture of substances intended or used to:
103	(1)	prevent, destroy, repel, or mitigate any pest;
104	(2)	be used as a plant regulator, defoliant, or desiccant; or
105	(3)	be used as a spray adjuvant, such as a wetting agent or adhesive.
106	However, p	pesticide does not include an antimicrobial agent, such as a
107	disinfectant	, sanitizer, or deodorizer, used for cleaning that is not considered a
108	pesticide un	der any federal or state law or regulation.

109	<u>Playground means an outdoor children's play area that is on the premises of a</u>			
110	children's facility, school, apartment building or complex, common ownership			
111	community, or park. Playground includes a mulched path that is used to enter			
112	a children's play area.			
113	Playing field means:			
114	(1) an athletic field maintained by the Montgomery County			
115	Department of Parks; or			
116	(2) an area of land on private property maintained exclusively for			
117	sporting use.			
118	Private lawn application means the application of a pesticide to a lawn on			
119	property owned by or leased to the person applying the pesticide. Private lawn			
120	application does not include:			
121	(1) <u>applying a pesticide for the purpose of engaging in agriculture; or</u>			
122	(2) <u>applying a pesticide around or near the foundation of a building for</u>			
123	the purpose of indoor pest control.			
124	Registered pesticide means a pesticide registered by the United States			
125	Environmental Protection Agency and labeled pursuant to FIFRA for use in			
126	lawn, garden and ornamental sites or areas.			
127	Vector or disease vector means an animal, insect, or microorganism that carries			
128	and transmits an infectious pathogen into another organism.			
129	Waterbody means waters located within the County that are:			
130	(1) subject to the ebb and flow of the tide; or			
131	(2) free flowing, unconfined, and above-ground rivers, streams or			
132	<u>creeks.</u>			
133	33B-3. Signs with retail purchase of pesticide.			
134	A person who sells at retail a pesticide or material that contains a pesticide must:			

135	<u>(a)</u>	make available to a person who buys the pesticide or material that
136		contains a pesticide:
137		(1) notice signs and supporting information that are approved by the
138		Department;
139		(2) the product label or other information that <u>FIFRA</u> requires for sale
140		of the pesticide; and
141		(3) materials approved or distributed by the Department that:
142		(A) explain the dangers of contamination that may occur from
143		pesticide use; and
144		(B) inform buyers of the availability of alternative products; and
145	<u>(b)</u>	display a sign or signs in each area of the retail establishment where
146		registered pesticides are available to consumers, with language approved
147		by the Department, that:
148		(1) informs buyers of the County law on the use of registered
149		pesticides on lawns; and
150		(2) identifies pest control options that are permissible for lawn
151		application under the law.
152	The 1	Department must enforce this Section and must annually inspect each
153	person who	sells at retail a pesticide or material that contains a pesticide.
154	<u>33B-4.</u> Stor	age and handling of pesticides.
155	Any person	who sells at retail a pesticide or material that contains a pesticide must:
156	(a)	transport, display, and store each pesticide in a secure, properly labeled
157		container that resists breakage and leakage, and promptly clean up and
158		either repackage or properly dispose of any pesticide that escapes from
159		its container;
160	(b)	display and store each pesticide separately from any food, medicine, or
161		other product that a human being or animal may ingest; and

162	(c)	transport each pesticide separately from any food, medicine, or other		
163		product that a human being or animal may ingest unless the pesticide is		
164		in a secure container that resists breakage and leakage.		
165	The 1	Department, the Health and Human Services Department, and any other		
166	agency desi	gnated by the County Executive, must enforce this Section.		
167	<u>33B-5.</u> Reg	ulations.		
168	(a)	The Executive must adopt regulations to carry out this Chapter under		
169		method (2).		
170	(b)	The Executive must include in the regulations adopted under this <u>Section</u>		
171		the minimum size or quantity, and type of pesticide subject to Section		
172		<u>33B-3</u> .		
173	<u>(c)</u>	The Executive must include in the regulations adopted under this Section		
174		a list of invasive species that may be detrimental to the environment in		
175		the County.		
176	<u>(d)</u>	The Executive must review and update the list of invasive species		
177		designated under subsection (c) by July 1 of each year.		
178	<u>33B-6.</u> Pena	alty for violating chapter.		
179	(a)	Any violation of this Chapter is a class C violation.		
180	(b)	Each day a violation continues is a separate offense.		
181		ARTICLE 2. Notice Requirements.		
182	<u>33B-7.</u> Noti	ce about pesticides to customer.		
183	(a)	In this <u>Section</u> :		
184		(1) Customer means a person who makes a contract with a custom		
185		applicator to have the custom applicator apply a pesticide to a		
186		lawn.		
187		(2) New customer includes a customer who renews a contract with a		
188		custom applicator.		

189	(b)	A cus	stom ap	oplicator must give to a new customer:
190		(1)	<u>befor</u>	e application, a list of:
191			<u>(A)</u>	the trade name of each pesticide that might be used;
192			<u>(B)</u>	the generic name of each pesticide that might be used; and
193			<u>(C)</u>	specific customer safety precautions for each pesticide that
194				might be used; and
195		(2)	after	application, a list of:
196			<u>(A)</u>	the trade name of each pesticide actually used; and
197			<u>(B)</u>	the generic name of each pesticide actually used; and
198		(3)	<u>a</u> writ	ten notice about pesticides prepared by the Department under
199			subse	ection (c).
200	(c)	The 1	Depart	ment must prepare, keep current, and provide to a custom
201		appli	cator a	written notice about pesticides for the custom applicator to
202		give 1	to a cus	stomer under subsection (b).
203	(d)	The	notice	prepared by the Department under subsection (c) must
204		inclu	de:	
205		(1)	gove	nment agency phone numbers to call to:
206			<u>(A)</u>	make a consumer complaint;
207			<u>(B)</u>	receive technical information on pesticides; and
208			<u>(C)</u>	get assistance in the case of a medical emergency;
209		(2)	<u>a</u> list	of general safety precautions a customer should take when a
210			lawn	is treated with a pesticide;
211		(3)	<u>a</u> stat	ement that a custom applicator must:
212			<u>(A)</u>	be licensed by the Maryland Department of Agriculture; and
213			<u>(B)</u>	follow safety precautions; and

214		(4) \underline{a} statement that the customer has the right to require the custom
215		applicator to notify the customer before each treatment of the lawn
216		of the customer with a pesticide.
217	<u>33B-8.</u> Post	ing signs after application by custom applicator.
218	(a)	Immediately after a custom applicator treats a lawn with a pesticide, the
219		custom applicator must place markers within or along the perimeter of
220		the area where pesticides have been applied.
221	(b)	A <u>marker required</u> under this <u>Section</u> must:
222		(1) <u>be</u> clearly visible <u>to persons immediately outside</u> <u>the perimeter of</u>
223		the property;
224		(2) <u>be</u> a size, form, and color approved by the <u>Department</u> ;
225		(3) <u>be</u> made of material approved by the <u>Department</u> ;
226		(4) <u>have</u> wording with content and dimensions approved by the
227		Department; and
228		(5) be in place on the day that the pesticide is applied.
229	<u>33B-9.</u> Pos	ting signs after application by property owner or tenant.
230	<u>(a)</u>	A person who performs a private lawn application treating an area more
231		than 100 square feet, or an area of any size within five feet of a property
232		line, must place markers within or along the perimeter of the area where
233		pesticides <u>have been</u> applied.
234	<u>(b)</u>	A marker required under this Section must:
235		(1) be clearly visible to persons immediately outside the perimeter of
236		the property;
237		(2) <u>be a size, form, and color approved by the Department;</u>
238		(3) be made of material approved by the Department; and
239		(4) have wording with content and dimensions approved by the
240		Department; and

241		<u>(5)</u>	be in place on the day that the pesticide is applied.
242			ARTICLE 3. Application restrictions.
243	<u>33B-10.</u> Pro	<u>ohibite</u>	ed applications.
244	<u>(a)</u>	On C	County-owned property and private property, except as provided in
245		subse	ection (b), a person must not apply a registered pesticide other than
246		<u>a list</u>	ed pesticide to:
247		<u>(1)</u>	<u>a lawn;</u>
248		<u>(2)</u>	a playground;
249		<u>(3)</u>	a mulched recreation area;
250		<u>(4)</u>	a children's facility; or
251		<u>(5)</u>	the grounds of a children's facility.
252	<u>(b)</u>	A pe	rson may apply any registered pesticide to:
253		<u>(1)</u>	control weeds as defined in Chapter 58, Weeds;
254		<u>(2)</u>	control invasive species listed in a regulation adopted under
255			subsection 33B-5(c);
256		<u>(3)</u>	control disease vectors;
257		<u>(4)</u>	control biting or stinging insects or stinging plants;
258		<u>(5)</u>	control organisms that threaten the health of trees or shrubs;
259		<u>(6)</u>	maintain property as part of efforts by a public utility to comply
260			with applicable vegetation management provisions of any
261			federal, state, or local law or regulation;
262		<u>(7)</u>	control indoor pests, if applied around or near the foundation of
263			<u>a building:</u>
264		<u>(8)</u>	control pests while engaged in agriculture; and
265		<u>(9)</u>	control a pest outbreak that poses an imminent threat to human
266			health or prevent significant economic damage if a registered
267			pesticide is not used.

268	<u>(c)</u>	<u>If a p</u>	esticide is applied under paragraph (b)(9) of this Section, the person
269		<u>apply</u>	ving the pesticide must:
270		<u>(1)</u>	within seven days after a pesticide is applied on private property,
271			notify the Department of the application and the reasons for the use
272			of the pesticide; or
273		<u>(2)</u>	within 30 days after a pesticide is applied on County-owned
274			property, inform the Council of the application and the reasons for
275			the use of the pesticide.
276	33B-11. Ou	treacl	<u>and education campaign.</u>
277	<u>(a)</u>	<u>The</u>	Executive must implement a public outreach and education
278		camp	paign before and during implementation of the provisions of this
279		<u>Artic</u>	e <u>le.</u>
280	<u>(b)</u>	The	outreach and education campaign must include the provision of the
281		follo	wing resources:
282		<u>(1)</u>	the National Organic Standards Board National List or the Organic
283			Materials Review Institute (OMRI) listed products which are the
284			NOSB National list products categorized by use;
285		<u>(2)</u>	FIFRA § 25(b) minimum risk pesticides, listed in 40 C.F.R. §
286			152.25(f); and
287		<u>(3)</u>	guidance on best practices for organic and pesticide-free lawn care.
288	<u>(c)</u>	The o	outreach and education campaign should include:
289		<u>(1)</u>	informational mailers to County households;
290		<u>(2)</u>	distribution of information through County internet and web-based
291			resources;
292		<u>(3)</u>	radio and television public service announcements;
293		<u>(4)</u>	news releases and news events;

294		<u>(5)</u>	information translated into Spanish, French, Chinese, Korean,
295			Vietnamese, and other languages, as needed;
296		<u>(6)</u>	extensive use of County Cable Montgomery and other Public,
297			Educational, and Government channels funded by the County; and
298		<u>(7)</u>	posters and brochures made available at County events, on Ride-
299			On buses and through Regional Service Centers, libraries,
300			recreation facilities, senior centers, public schools, Montgomery
301			College, health care providers, hospitals, clinics, and other venues.
302			ARTICLE 4. County Property and Parks
303	<u>33B-12.</u> <u>Ne</u>	onicot	inoid pesticides on County-owned property.
304	<u>(a)</u>	<u>Proh</u>	cibition. Except as provided in subsection (b), a County employee or
305		Cour	nty contractor must not use a neonicotinoid pesticide on property
306		owne	ed by the County.
307	<u>(b)</u>	<u>Exce</u>	ptions.
308		<u>(1)</u>	A County employee or County contractor may use a neonicotinoid
309			pesticide on County-owned property to control pests while
310			engaged in agriculture.
311		<u>(2)</u>	This Section does not apply to County-owned property that the
312			Parks Department operates or manages for the County.
313	<u>33B-13.</u> <u>Int</u>	tegrate	ed pest management on County property.
314	<u>(a)</u>	<u>Adop</u>	otion of program. The Department must adopt an integrated pest
315		mana	agement program for all property owned by the County.
316	<u>(b)</u>	Requ	<u>uirements.</u> Any program adopted under subsection (a) must require:
317		<u>(1)</u>	monitoring the turf or landscape as appropriate;
318		<u>(2)</u>	accurate record-keeping documenting any potential pest problem;
319		<u>(3)</u>	evaluating the site for any injury caused by a pest and determining
320			the appropriate treatment;

321		<u>(4)</u>	using a treatment that is the least damaging to the general
322			environment and best preserves the natural ecosystem;
323		<u>(5)</u>	using a treatment that will be the most likely to produce long-term
324			reductions in pest control requirements and is operationally
325			feasible and cost effective in the short and long term;
326		<u>(6)</u>	using a treatment that minimizes negative impacts to non-target
327			organisms;
328		<u>(7)</u>	using a treatment that is the least disruptive of natural controls;
329		<u>(8)</u>	using a treatment that is the least hazardous to human health; and
330		<u>(9)</u>	exhausting the list of all non-chemical methods and listed
331			pesticides for the targeted pest before using any other treatments.
332	<u>(c)</u>	The I	Department must provide training in integrated pest management for
333		each	employee who is responsible for pest management.
334	33B-14. Co	unty p	<u>arks.</u>
335	<u>(a)</u>	<u>Polic</u>	y. It is the policy of Montgomery County to promote
336		envir	onmentally sensitive landscape pest management in its parks by
337		phasi	ng out the use of the most hazardous pesticides and reducing overall
338		pestic	cide use while preserving landscape assets, maintaining functionality
339		of pla	aying fields, and protecting the health and safety of the public and
340		Coun	ty employees. To carry out this policy, the Parks Department must,
341		<u>subje</u>	ct to appropriation, implement the provisions of this Section.
342	<u>(b)</u>	<u>Pestio</u>	cide-free parks. The Parks Department must implement a pesticide-
343		free p	parks program that, at a minimum, consists of:
344		<u>(1)</u>	the maintenance of certain parks entirely without the use of
345			registered pesticides other than listed pesticides;
346		<u>(2)</u>	a program for reducing the use of registered pesticides other than
JTU			

348			<u>(A)</u>	<u>a pilo</u>	ot program consisting of at least five playing fields
349				main	tained without the use of registered pesticides other
350				than]	listed pesticides that:
351				<u>(i)</u>	is conducted in consultation with an expert in organic
352					turf management, with experience in successful
353					transitions from conventional to organic turf
354					management; and
355				<u>(ii)</u>	includes a publicly available plan describing the
356					practices and procedures used;
357			<u>(B)</u>	main	tenance of all other playing fields using an integrated
358				pest 1	nanagement program; and
359			<u>(C)</u>	<u>a pla</u>	n submitted to the Council by September 2019 for
360				transi	tioning to maintenance of all playing fields without the
361				use o	of registered pesticides other than listed pesticides by
362				<u>2020</u>	; and
363		<u>(3)</u>	a pul	olic co	mmunication campaign to inform the public of the
364			existe	ence ar	nd progress of the pesticide-free parks program.
365	<u>(c)</u>	<u>Pesti</u>	cide us	sage pi	rotocols. The Parks Department must develop usage
366		protocols which limit the use of registered pesticides other than listed			
367		pesticides to the maximum extent possible and, subject to the exceptions			
368		in subsection (d):			
369		<u>(1)</u>	do no	ot perr	nit the use of registered pesticides other than listed
370			pestic	cides w	vithin 25 feet of a waterbody;
371		<u>(2)</u>	excep	ot wher	re immediate application is necessary to protect human
372			<u>healtl</u>	1 or pre	event significant economic damage, include the posting
373			of no	tice of	each planned application of a registered pesticide other
374			than a	a listed	pesticide on the appropriate Parks Department website

375			and in the area where the pesticide is to be applied, from at least
376			48 hours before application through at least 48 hours after
377			application, that includes:
378			(A) the common name of the pesticide;
379			(B) the location of the application;
380			(C) the planned date and time of the application; and
381			(D) the reason for the use of the pesticide; and
382		<u>(3)</u>	provide for pesticide application information required under
383			paragraph (c)(2) to be made available to the public in real-time and
384			in a manner consistent with the Montgomery County Open Data
385			Act, Chapter 2, Article XIV of this Code.
386	<u>(d)</u>	<u>Exce</u>	ptions. The pesticide-free parks program and pesticide usage
387		proto	cols may generally permit the application of a registered pesticide
388		<u>to:</u>	
389		<u>(1)</u>	control weeds as defined in Chapter 58, Weeds;
390		<u>(2)</u>	control invasive species listed in a regulation adopted under
391			subsection 33B-5(c);
392		<u>(3)</u>	control disease vectors;
393		<u>(4)</u>	control biting or stinging insects or stinging plants;
394		<u>(5)</u>	control organisms that threaten the health of trees or shrubs;
395		<u>(6)</u>	remove weeds as part of the renovation of a playing field;
396		<u>(7)</u>	control pests while engaged in agriculture; and
397		<u>(8)</u>	otherwise protect human health or prevent significant economic
398			<u>damage.</u>
399	<u>(e)</u>	<u>Repo</u>	rting requirement. The Parks Department must submit semi-annual
400		repor	ts to the County Executive and County Council on or before January
401		<u>15</u> an	d July 15 of each year that:

402	<u>(1)</u>	<u>detai</u>	l registered pesticide usage, other than listed pesticide usage,
403		in Co	ounty parks during the preceding year, including:
404		<u>(A)</u>	the common name of each registered pesticide used;
405		<u>(B)</u>	the location of each application;
406		<u>(C)</u>	the date and time of each application; and
407		<u>(D)</u>	the reason for each use of a registered pesticide;
408	<u>(2)</u>	desci	ribe the status of the pesticide-free parks program
409		imple	emented under this Section; and
410	<u>(3)</u>	are a	available to the public in a manner consistent with the
411		Mon	tgomery County Open Data Act, Chapter 2, Article XIV of
412		this C	Code.
413	Sec. 2. Init	ial <u>Lis</u>	st of Invasive Species. The Executive must submit the <u>list</u> of
414	invasive species re	quired	by <u>Subsection</u> 33B-5(c) to the Council for approval by <u>March</u>
415	1, 2016		
416	Sec. 3. Effe	ctive I	Date. The prohibitions <u>and requirements related to the</u> use
417	of <u>registered</u> pesti	cides a	and neonicotinoids on County-owned property and in County
418	parks contained in	Section Section	ons <u>33B-10</u> , <u>33B-12</u> , <u>33B-13</u> and <u>33B-14</u> take effect on <u>July</u>
419	1, 2016; the prol	<u>nibitior</u>	ns on the use of registered pesticides on private property
420	contained in Section	on 33B	3-10 take effect on January 1, 2018.
